Dennehotso Families:

As you know COVID is on the rise again. Many people traveled and visited with extended family over the holiday. We are reminding families that children with flu-like symptoms should stay home. We will be sending home any symptomatic student. We will call for families to come and pick up "sick" students. As a staff we are concerned for the well-being of all students, staff, and community members. Please take this seriously.

Due to the increasing numbers AND the lack of physicals turned in we will not pursue the winter sports season. We know that many people were looking forward to playing / watching basketball. We are concerned that as COVID variants continue to hospitalize people, that we might be forced to cancel the season down the road anyway.

We do not have enough laptops for distribution, but if your child has to quarantine, contact Ms. McCarty for a loaner device if you have internet access at home. We DO NOT have internet hot spots. They simply did not work in our community.

Delbert Ortiz, Principal
